Message from the President

Barbara Jordan (519-837-0818)

As wonderful as the Christmas holiday season is, it's a relief when your time is your own again. The family, friends and work get-togethers are no longer every weekend, the decorations are returned to their boxes, the days are crisp and cold and you find yourself returning to those projects abandoned in order to complete Christmas gifts. If those projects don't hold your interest, listening to our January speaker, Sybil Rampen share her 30+ year journey from that first needlework class in the early 70's to present surely would inspire you to pickup duct tape, plastic bags, yarn, felt or any medium and start creating. It was a wonderful treat to see so many items which were meant to be touched and enjoyed by everyone. Her granddaughter Melanie confessed she played with the "Square Crows" but the embellished duct tape art came along later to amuse her brother.

You may recall Sybil encouraged you to join the executive or a committee once Sue Keuhl announced the nominations were open. Sybil speaks from experience, she helped start two guilds in the Oakville area and continues to belong to and be enriched by other artist groups. Helen Hughes assured me Sybil was most sincere in inviting everyone to drop by her home and studio. Take the opportunity if you find yourself in the Oakville area to visit this grand lady. Start or continue on your own creative journey by taking a workshop or three, join a Special Interest group and enjoy the comradery of others while finding your artist within.

For those who would like to purchase Sybil's "Milkweed Angel" how-to book (\$40) or "Grannies" (\$20), contact me by phone or email. We've got 14 names for one or both titles at the moment, but certainly can add more to the list if you would like to support this Canadian talent.

Was that not an amazing amount of information Sybil was willing to share with us at the January meeting? I just knew we had to have her come and talk to us. Think of all the workshops she could do and what we could learn from her. I can't imagine at 76 years old to be going as strong as she is. She certainly is an inspiration to all of us who want to continue doing what we love to do even in our golden years.

I must have a thing for S names, and truth be told, I have named many of the animals I have owned with names that start with S. I will name a few. There were the dogs Scooter, C.C. (sounded like S), Sticker and Starlit. Then there were the cats Shari-Lee, Sebeana, Simon, Sally-Ann, Sam, and oh yes my daughter's guinea pig, Stripe, because she has a brown stripe on her back. Which brings me to the February's speaker, who's name also starts with S, Sandy Simmelink. Sandy is a Quiltmaker and Teacher of the Art of Fine Quilting. She has won numerous awards and has participated in many shows. Her trunk show features a wide variety of quilts and quilting styles--pieced, appliqued, crazy quilting, quilt embellishment, 3D flowers and beading. All her designs are original and a feast for the eyes. Find out how Sandy started quilting and how her quilting directions have evolved over the years. You won't want to miss this meeting.

A Book Review

By Norah McGuire-McLeod (519-220-1248)

Portrait Quilts

Painted Faces You Can Do

by Bonnie Lyn McCaffery

ISBN: 0-9766934-3-7

I first became intrigued with this book and author after seeing a portrait at the Quilt Show in Grand Bend last June. I happened to be talking to someone else who was interested in the quilt and she said the owner was bringing her the book to see, and she also had her drawings of the quilt.

I have been contemplating a project which involves people and this may very well be the answer; though I am still in the initial stages of the project. Research can be the most time consuming part of such a project, so this book was exciting to find. The quilter indicated to us she followed the method used in Portrait Quilts by Bonnie McCaffery and found it easy to do and it showed in the finished project.

Here's what Bonnie has to say about putting faces in our quilts: "Yes, you can paint faces even if you don't think you're an artist! The trick is a guideline drawing placed under the fabric so you know exactly where to paint the features." Bonnie's book offers, fully illustrated step-by-step directions for painting each of the facial features. There are complete instructions for finishing your portrait with hair, clothing, and borders. Also, there are numerous quilts as examples of how to finish and embellish your quilt. Follow Bonnie Lyn McCaffery's step-by-step directions, and you'll soon be doing a fabric portrait of a special loved one. I still may have to go out and buy this book, since I have not yet started my project. For all the quilters who would like to put people in your quilts, this is a book you won't want to miss reading.

EDITOR'S NOTE

Thank you to all who submitted information for this newsletter. The deadline for the next newsletter is the February Guild meeting.

Block of the Month

Cheryl Cowan cowanche@hotmail.com or (519-763-1268)

FEBRUARY = SNOW CONES

Block of the Month Participants: February is the month of LOVE ... often expressed in terms of flowers, hearts and chocolates. So our colour palette this month will utilize some of this influence with florals, pinks, yellows and, of course, pure white!

Mystery Quilt Participants: Reference the numbered diagram for your colours and square arrangement. You'll need to make a **whopping 14 blocks** for your quilt!! (Yes, I did say **14!!**)

Block Description	Block of the Month Fabric	Mystery Quilt Fabric
Top & Bottom Rows - Corner Squares	Floral Fabric (Cut 4—4.5" squares)	Fabric Colour #8
Middle Row - Outer Squares	Yellow (Cut 2—4.5" squares)	Fabric Colour #10
Middle Row -Center Square Hourglass Unit	Light Pink Fabric (Cut 1—5.75" square) and White Fabric (Cut 1-5.75" square)	Fabric Colour #7 and Fabric Colour #5
Top & Bottom Rows - Center Square Star Points and Background	Dk. Rose/Red Fabric (Cut 2—5" squares) and White (Cut 4—3" x 6" pieces)	Fabric Colour #9 and Fabric Colour #5

Construction Instructions: Each block is made up of 9—4.5" x 4.5" squares.

- Top and Bottom Rows—Corner Squares: Cut 4—4.5" squares of floral fabric (Colour #8). Set aside.**
- Middle Row—Outer Squares: Cut 2—4.5" squares of yellow fabric (Colour #10). Set aside.**
- Top and Bottom Rows—Center Squares: Need 2 (Note: these will be paper pieced).**
 - To Cut Star Points: Cut 2—5" squares of dark rose/red fabric (Colour #9). Fold in half and cut from the top of the fold to the opposite corner (on the diagonal) to form a isosceles triangle when unfolded. Set aside.**
 - To Cut Background Pieces: Cut 4—3" x 6" pieces of white fabric (Colour #5). Set aside.**
 - To Create Final Square: On a piece of freezer paper, draw a 4" square. Add a second border, 1/4" outside the square (e.g. create a 4.5" square). Mark the center of the 4" square and draw diagonal lines from the center to each corner of the 4" square. Make another copy of this drawing (total of 2). The recommended sewing sequence is to start with the placement of the Star Point triangles, then add a background piece to each side. (Note: Reduce length of stitches to help pierce the paper and make it easier to remove later). Trim fabric to match the outer 4.5" block border (note: point of star should be 1/4" below the top of the square). Leave paper in place until sewing is completed and then remove.**
- Middle Row—Hourglass Unit: Need 1 (Note: this direction creates two hourglass units ... use one for donation!)**
 - Cut 1 each — 5.75" square of fabric from **both colours** (e.g. pink and white OR colours #7 and #5)**
 - On the wrong side of the lightest coloured fabric, draw a diagonal line from one corner to the other. Then draw 1/4" stitching guides on either side of this center line.**
 - Pair the two fabrics, with right sides facing. Stitch along the marked lines. Cut down center line to form **two** triangle squares. Press seam allowances toward darker fabric.**
 - On wrong side of one of these triangle squares, draw a diagonal line, perpendicular to (and across) the seamline. Mark 1/4" stitching guides on either side of this center line.**
 - Pair the two triangle squares with right sides facing and opposite fabrics facing one another. Stitch along the marked lines. Cut down center line to form **two** hourglass units. Press seams to one side.**
- Assemble Block: Sew squares together in rows of 3 units, then sew the 3 rows together. Trim block to an overall dimension of 12.5" x 12.5" square.**

Comfort Quilts

Well, we're making progress on our goal to provide 50 quilts for Pediatric Sexual Assault Program at the GGH. We have 18 completed quilts and approximately 10 others at the quilting and binding stage. We are also assembling the blocks of the month into quilt tops as soon as we receive a complete set.

We've decided to change things up a bit this month for the block-of-the-month kits. We have gone through our stash of donated fabrics and picked some wonderful combinations. The block we've chosen is a simple one with only squares and rectangles (and only 5 pieces) that go together really quickly. Each block should measure 9 1/2" square when you get them put together. Please be accurate. This makes the quilt top assembly so much more pleasant! Each kit will contain two of these blocks. In order for us to convert these blocks into a finished quilt by June please ensure that you return any kit by the next month.

In addition to the block kits, we have cut several kits for complete tops. It is the same block pattern discussed above. The kit contains fabric for all the blocks. The pattern is simple and fun. We've had a member take one, and have so much fun putting it together that she asked for another kit! It's reasonable to finish the top in a day or two as all the cutting has already been done.

We'll also be looking for volunteers to quilt the tops. Backing and batting are provided. Don't worry if you're not an expert machine quilter. It's a great opportunity to practice and there are guild members willing to offer advice and assistance. Thanks for your participation in this very worthwhile project.

Quilt Raffle!

This past November, twenty four members of the Guild met for a Quilt Bee Day. It was a very fruitful day as we produced two quilt tops thanks in part to donations of fabric from our community. One quilt is nearly finished to be donated to the Wyndham House Auction which takes place on March 3rd. It is a timeless quilt featuring four-patch and courthouse step blocks. A classic! With the second quilt, we decided to let our members have an opportunity to win the fruits of our labour! Starting at the February Guild meeting, we will be selling tickets to all Guild members. The draw for this quilt will be made at our 16th Anniversary celebration (March Guild meeting). This quilt is a stunning monochromatic display of blue courthouse step blocks with silk centres inspired by the examples found in Kaffe Fassett's book, *Passionate Patchwork* (pages 36 - 39).

If you are not able to attend the March meeting, just fill out your name and telephone number on the back of your ticket. All proceeds will go to the Pediatric Sexual Assault Comfort Quilt project. If you haven't been able to donate your time to this project this year, buying a ticket for the quilt will be another way you can show your support. Best of luck to all; you may win this outstanding quilt! Tickets are \$2 each or 3 for \$5. Look for our display at the February and March meeting.

"A Gift from the Heart"

Food Bank donations will be gratefully received this month. Toiletry items (soap, toothpaste, shampoo, feminine protection), socks and underwear are particularly needed at this time.

Kit fee: \$10 per student.

Embellishment

Instructor: Deb Beirnes

Note: The Drafting workshop is not a pre-requisite, but it may be more valuable to do both. Having learned to draft the Lone Star you are now ready to put your knowledge into action. Pattern cost: \$10.

Lone Star

May 19

Time: 9:00 - 3:30

Instructor: Rosemary Makhan

Trapunto by Machine

Add an extra dimension to your quilts with Trapunto work. Expand your Machine Quilting repertoire by learning this exquisite technique. Shadow Trapunto will also be demonstrated and we will make a small sample. Several methods for doing Trapunto by hand will be discussed. Students should have some experience with free motion quilting for best results. A great technique for both traditional and modern quilts.

Refund Policy

Sorry, **no** refunds. We will keep a waiting list for the class, but **you** will be responsible for contacting someone on this list to take your place and reimburse your money.
