|----|--|-------------------------------|

Guild Workshops

Please pay the workshop fee at time of registration.

Landscape Workshop

Saturday September 28, 2019 - \$50, 9:30am – 3:30pm

Instructor: Mary Hopkins

This workshop will focus on adding depth, light, shadow and texture to your work. Through collage, in all its forms from freezer paper to minute confetti, Mary will demonstrate some shortcuts that will give you more control, making it possible to add warmth and realism by pre-constructing and pre-finishing your background.

Painless Paper Piecing

Saturday November 23, 2019 - \$40, 9:30am – 3:30pm

Instructor: Ruth Kennedy

Who doesn't want paper piecing to be painless? Ruth will lead you through the construction of a New York Beauty Block using the 'painless' method of paper piecing where you do not have to rip out the paper. The finished block can be made into a cushion (see sample) or add more blocks and make a quilt. Pattern fee is included in the cost of the workshop.

Pockets to Go

Saturday January 25, 2020 - \$25 + \$20 kit fee, 9:30am – 3:30pm

Instructor: Jackie James

Do you have lots of stuff around your sewing machine, on your cutting table or just about anywhere in your sewing space? Then this workshop is for you. Learn to make Pockets to Go which is a sewing organizer to contain all those nifty tools and accessories all quilters must have. Learn Jackie's shortcuts and tips throughout the construction of your Pockets to Go. There is a \$20 kit fee which includes the pattern, interfacing and PelTex, payable to the instructor.
