

## Stash Busters Project Information

Stash Busters is a member-led group of quilters. Members volunteer to demonstrate a project for others to complete. Our projects should be chosen from among those freely available on the Internet and are suitable for beginning to intermediate quilters. Projects range from placemats to quilts and bags. Some of our favourite sources of free patterns and tutorials include:

We hope that eventually every participant in Stash Busters will feel comfortable taking a turn as a project presenter. If you would like to demonstrate a project for the Stash Busters, please choose one that is freely available on the Internet. If you are uncertain your choice is appropriate, please ask the group leaders for their thoughts on your selection.
